LAKESHORE UNITARIAN UNIVERSALIST CONGREGATION 5065 Sherbrooke Street, Lachine, QC. H8T 1H9 514 - 637- 6974

AS WE COME MARCHING, MARCHING.....One of our favourite hymns is #109 with this title and it sums up pretty well how we are faring these days. We are dealing with horrendous news daily on the costly results of war - on lives lost, on physical and mental injuries that will last a lifetime, and on the growing horrors of desperate people fleeing famine, floods, poverty, oppression and war. Around the world, people are marching....some to fight, and others to flee.

The second verse expresses some of the angst we feel in these troubled times:

As we come marching, marching, we battle too for men, for they are women's children, and we mother them again.

Our lives shall not be sweated from birth until life closes: hearts starve as well as bodies - give us bread, but give us roses!

The month of March brings International Women's Day on the 8th (and an impressive list of other notable days - see page 14....) Women and men are marching around the world - not just on March 8. Around the world people are marching....to escape from death and destruction, to find food and safety for their children, to flee from war to somewhere that promises justice and human rights for all. It can be hard not to fall into despair with the arrival of the daily news.

To counteract those feelings, remembering the thoughtful words of two special women may bring hope and could serve to guide us.

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

* Margaret Mead*

"Alone we can do so little; together we can do so much."

Pithy Words at Easter Rev. Dr. Heather Fraser Fawcett

As short as a couple of words, as long as a poem needs be, we are grasped by pithy words. They claim us, startle us, remind us. They take us deeper.

An example: "Each morning we must hold out the chalice of our being, to receive, to carry, and to give back."

You are invited to bring the chalice of your being to an Easter service. You can expect pithy words, warm hearts, silence, and celebration.

Rev. Dr. Heather Fraser Fawcett left her family's church in her late teens, studied Zen Buddhism and attained a degree in history and Canadian studies. After attending a Unitarian church in 1994, she went on to get a degree in Theology at McGill and served as a Hospital Chaplain. Rev. Heather is a UU Community Minister, affiliated with Lakeshore UU Congregation.

KITCHEN ORIENTEERING OPPORTUNITY

Sari says that from 10:00 am to 10:25 on Sundays - for anyone interested - **she** will be in the kitchen to show people where our UU things are kept.

If you wish to help with refreshments one day, this will be helpful too!

NOTES FROM THE PRESIDENT

You set strong net sho over

Your Board of Directors has been working hard for the past several months to "grow" our LUUC congregation in strength, stability and numbers! We have taken on many new initiatives this year to reach that goal, and while that showed we had much to learn and many challenges to overcome, it has also brought encouraging results.

Oddbjorn and Paul have worked together to update and improve our hybrid Sunday services with sound and video systems that bring the best possible reception to those attending our weekly services, whether in the church building or on Zoom.

Nancy and Anik have developed greater outreach of our programs and services, and have brought new people to our social media links and website with photos that bring a warm and welcoming feeling to our online presence. These actions have attracted new people to hear, and appreciate, our amazing array of Sunday presenters and musicians.

Gary and Nancy have tackled the challenges of supporting **Christina** in enticing families with children to participate in our Spiritual Exploration program. Beginning with an understanding of the 8 Unitarian Universalist principles, special activities have involved LUUCers of all ages, have strengthened our UU community with a social action focus that helps Montrealers experiencing homelessness.

Susan has worked closely with our book-keeper, **Darcy**, to ensure that the 2023 financial revenues and expenses are clearly recorded, and that people who made charitable donations to LUUC over the past year will receive their tax receipts in time. Our fundraising efforts have been successful too

Milda and Selina are a strong team, and work well together. This is good as they have taken on many tough challenges related to integrating new systems of outreach and communication to our members, friends, and to those who check us out online.

I have had the honour to work with **Kerry-Anne and Paul**, our Lay Chaplains, with **Heather F** regarding our wonderful newsletter, and <u>Heather FF</u> in preparing an introductory series on Unitarian Universalism and LUUC for those interested.

And of course, the Board does not work alone...

Members of our congregation are our backbone, our strength - and so, WE THANK:

• those who come early on Sundays to greet us warmly on entry, and to prepare the refreshments that follow each service (and then stay on to put everything back in place...), and those who do that online

- those who arrange and lead our services contacting presenters, preparing the order of service and songs and setting up everything before the first attendee arrives... and putting everything away at the end of the service
- those who serve on our committees Sunday Services, Social Action, Caring and Membership, Fundraising, Nominating, Fun and Frolic, Communications and Publicity, and of course, the Board!
- those whose professional skills support us in every aspect of our congregational life
- those who offer their time and energy setting up and putting away tables and chairs, baking and cooking for special events, raising funds, washing dishes, and a myriad of important tasks I have forgotten....

Pulling it all together can be a real challenge, but with all of us working together, we can look back on the first 9 months of our 2023-2024 church year with some pride, and look forward to the coming months with eager anticipation.

~ Sheila Laursen

For many years, the Unitarian Church of Montreal has had a resident protester with placards, a video camera and a loud voice on the sidewalk leading to their church as people arrive for Sunday services.

A Court judgement pronounced this week has ruled against this person and placed an Interlocutory Injunction judgement that forbids him to come within 300 metres of their church building effective as of February 22, 2024.

We are concerned that this person may now bring his protest to our Lakeshore UU Congregation in Lachine as the Injunction covers only his presence outside the Unitarian Church of Montreal.

If you see this protester when you arrive at our LUUC building in Lachine, we advise you to just walk past him and not respond to him before entering the building.

If his behaviour makes you feel uncomfortable or unsafe, please ask to speak to one of the LUUC Board members when you come into the building. We will make out an Incident Report for follow up with the Police and the Court.

We want you to feel welcomed at our LUUC space and need to know if you feel upset or insecure.

Thank you for your understanding, Sheila Laursen, LUUC Board President

ARE YOU CURIOUS ABOUT OUR LAKESHORE UU CONGREGATION?

You are invited to join us <u>Wednesday March 6 at 7 p.m.</u> on Zoom For Lakeshore Unitarian Universalist Congregation - Our Story

Sheila Laursen, Heather Falconer and other LUUCers will share the story of our congregation's beginnings, its evolution and its history of social justice from 1953 - to today.

Sheila Laursen will be our Caring Person for March and April – you can contact her at 514-697-4195 or sheila.laursen@bell.net

The Ladies are moving! – **José van Amerongen** is moving at the beginning of March - There is no doubt that the residence will be livelier now that José is moving in. She is busy packing – but still manages to spend an hour with the Knit Chicks. José's new address is: 33 Maywood, Apt. 602, Pointe Claire. Qc.

Hélène Cimon has also decided to move into a residence in Pierrefonds, where she will receive more care. Helene has been unwell for sometime and unable to do the things she was once very capable of doing. Once an active member of the Knitting group, we have missed her of late – she also played the piano during church services when **Kerry-Anne** was away. Her repertoire included wonderful classical pieces - I particularly remember being enchanted when she played <u>Debussy's Arabesque</u>. Good luck to both **Hélène and José** as they embark on a new chapter in their lives. **~ ed**

Hélène and **Toni** share a happy afternoon together

GOOD NEWS ABOUT THE 3 AFGHAN SIBLINGS!

I am thrilled to let you know that as of Tuesday February 20, Afghan sisters Enjila and Laila Sekandari have official case numbers for their refugee sponsorship applications to come to Canada!

Their brother Dawood received his a few months ago, and has already completed the medical checks required and some of the security clearance steps as well. That caused us great worry that he would receive his visa to come to Canada and that would leave his two sisters in Pakistan on their own and vulnerable to deportation back to Afghanistan.

So, I asked Moya Whitley, the Assistant to my MP Francis Scarpaleggia, to ask about these siblings when she recently went to Ottawa for a meeting with the IRCC.

Within a week of her doing that, the 2 sisters received their Canadian case numbers, and their files began to move forward.

THIS IS SUCH GOOD AND HOPEFUL NEWS....the medical and security checks Canada does overseas are the next steps. ~ Sheila

SUNDAY CAFÉ

February's Sunday Café was a lot of fun. Haitian musican Daniel Bellegarde bought a large array of drums for us to practice on. Sitting in a large semicircle he taught us the beat of the Caribbean. He was a great teacher, as we all caught on quickly. This included everyone from young Noah to our octogenarians. He taught us how to vary the sound by tapping softly or banging loudly. **Gabriel** really enjoyed that.

The morning ended with a rowsing drum solo by our guest musician, hot croissants, coffee and muffins served by **Christine W. and Erin.** Thanks to **Kerry-Anne** for inviting Daniel.

A VERY HAPPY ST. PATRICK'S DAY TO YOU ALL!

Last year, **Selina** held an Irish bake sale and I bought **Sheila**'s Irish stew and soda bread. It was delicious. I served it to my family – and received much credit until I admitted that the cooking was entirely Sheila's. This year, without the benefit of Sheila's wonderful culinary arts, I will have to produce much simpler Irish fare –

carrot soup
baguette
bangers and mash
shamrock cookies and
ice cream splashed with crème de menthe
cheese
Irish coffee

That's my 7-course meal.

A Very Happy Birthday to our March LUUCers

What: A responsible-drinkers' soiree that includes books,

- Readers take turns of 5 to 10 minutes to orate their favourite book passages and to share the reason why these particular words resonate with them.
- Avid readers will enjoy being on the lookout for their next favourite book!
- If time allows, there will be a quiet "reading only" time to close up the get-together, when we can spread out on any of the comfy armchairs or sofas available at the back of the sanctuary. Wear your cozy cardi or bring a throw to keep yourself super-duper warm.

BYOWine to enjoy with nibbles of cheese, grapes, baguette & crackers (or bring your own non-alcoholic wine, if preferred, or if driving). Carpool with a designated driver!

THE KNIT CHICKS

The knitting goes on - members of the Knitting Group meet every Tuesday morning between 10:30 and 11:30 via zoom. A small, but friendly group, we always discuss the previous Sunday's service – and usually agree that we are stimulated by the services that offer such different topics and points of view. We also <u>love</u> the Sunday Cafes and marvel at the variety of musicians that **Kerry-Anne**

produces each month. We applaud everyone on the Board and those connected with the services (service leaders, photographers) for working so hard to produce these quality services. This includes **Paul**, **Nancy S**, **Gary** – to name a few.

Oh yes, and we do some knitting too.

MICHAEL HAS A BIRTHDAY

Such a happy photo of **Michael** with **Lynette**, blowing out the candles on his blueberry heart-shaped birthday cake she made for him.

Lynette prepared a menu of pumpkin and split pea soup, Cambodian shrimp, spare ribs and Vietnamese chicken, as part of the main dish; two heart shaped blueberry cakes and an Hawaiian banana bread were served for dessert.

A happy evening was spent at home with friends, enjoying the feast that Lynette had prepared and celebrating Michael's Birthday.

FRANK GREENE

Long-time members of LUUC will be saddened to know that that <u>Frank Greene</u> died on Saturday, February 3, at the age of 90.

Rev. Diane Rollert says, "Frank was an incredible pillar of MUC, having served as president and in many other roles. He was a celebrated educator who founded the McGill Reading Centre in 1970 and was recognized for his contributions to literacy and reading education. In 2022, the Quebec minister of education awarded him the Order of

Excellence in Education for his groundbreaking work at McGill."

He leaves his wife, <u>Carol</u> of 67 years, his children, grand-children and great grand-children to mourn him.

He was also a friend of LUUC when he lived in Beaconsfield. Several year ago, I held a monthly mini-baking boutique - and to my surprise Frank arrived with several home-made loaves each month. He was not a member of our church and did not attend, but he read our newsletter and kindly contributed to my small fundraising effort. I was so touched with his kindness and generosity. ~ ed

MERGING WATERS SOUP-POT CINEMA - FRIDAY MARCH 1ST AT 7:00

Our March 1st movie 'Tea with Mussolini' (7:00pm, 24 Maple) features Maggie Smith, Judi Dench, Joan Plowright, Lily Tomlin and Cher. It is a World War II drama with many comical and touching moments, and is loosely based on the life of Franco Zeffirelli, who is the Director of the film. It has beautiful cinematic footage of Italy, including Florence and San Gimignano. https://images.app.goo.gl/WKmhAwAwau94y2Nj7

In 1930s fascist Italy, Luca (Charlie Lucas) just lost his mother. His father, a callous businessman, sends him to be taken care of by British expatriate Mary Wallace (Joan Plowright). Mary and her cultured friends -- including artist Arabella (Judi Dench), young widow Elsa (Cher) and archaeologist Georgie (Lily Tomlin) - keep a watchful eye over the boy. But the women's cultivated lives take a dramatic turn when Allied forces declare

war on Mussolini.

We are still living with COVID. When lining up for soup and bread, we ask that you keep a space between each other. If at all concerned for your health, please wear a mask yourself. Please reply if intending to come (<u>sahawker13@gmail.com</u>). Let us know if you can join us, and if you can offer soup. Suggested donation \$10.

ON THE GO AND NEED TO KNOW

CHINA – New Year - The Chinese New Year started on February 12th with its colourful Lantern Festivals and ended on February 18th. The Year of the Dragon in 2024 is expected to be a time of visionary leaders, innovators and problem solvers. 2024 is also predicted to be a great year to start new projects, explore new opportunities and create value for yourself and others. This year has the potential to usher in good fortune, action and expansion, and you'd better brace yourself, because things will be happening quickly! WOW!

CALIFORNIA/NEVADA – Death Valley – Death valley is the lowest point in the US and also the hottest place on earth – yet – due to several atmospheric rivers that have blown that way lately, an ancient lake has reappeared. Known as Lake Manly, kayakers, paddleboarders, waders and swimmers from across California have flocked there before the lake disappears again and to enjoy the stunning views of the mountains in the background.

HALIFAX, NS – snow - Halifax Stanfield Airport used snow melting machines to clear the inordinate amount of snow this year. That's right, industrial sized machines can melt snow. It's rather like a large furnace with a hot water holding tank. After the snow is loaded into a truck, it's driven over a manhole and the water empties into the sewer. These machines are manufactured in Nova Scotia and are used in various parts of the world, including Russia, Finland, Japan and the Republic of Georgia.

RUSSIA – public outcry - There are so many wicked things going on in this world today, I'm sure it will end in tears for all of us. The saddest of happenings is the death of <u>Alexi Navalny</u>, that courageous man who dared to challenge the Russian President. After years of being detained on trumped up charges, he died in a jail somewhere up in the Artic Circle. He spent his last 300 days in solitary confinment and says he was denied medical treatment.
